Book Overview:

A wonderful story full of romance, forgiveness and the unavoidable ties that bind, SECRETS OF THE TULIP SISTERS is Susan Mallery at her very best.

The relationship of sisters Kelly and Olivia Van Gilder has been, wellâ€¦ complicated ever since their mother left them as teens, though it's the secrets they have been keeping from each other as adults that have unwittingly widened the chasm. But one thing they do share is the not-so-secret torch they carry for the Martin brothers.

In the small enclave of New Holland, Washington, Griffith and Ryan Martin were demigods. While Griffith was the object of Kelly's high school crush and witness to her mortal teenage humiliation, Ryan was for Olivia the boy who got away-something she's never forgiven Kelly for-and the only person since her mother who appreciated her wild streak.

Now, ten years later, both brothers are newly returned to town. Believing they're destined to be together, Olivia's determined to get Ryan back, until she discovers that she's not the only one keeping secretsâ€¦and that perhaps he's not the handsome prince she remembered. And even though Griffith has grown up to be more irresistible than ever, Kelly's impulse is to avoid him and the painful memory he represents, despite his resolve to right the wrong he caused her long ago-and her desire to let him.
